

Sunday March 24th. 1839

Dear Mrs. Chapman, I write in flying haste, in a corner of a letter to Mr. Loring, to inform you that this week Mr. Turnbull a highly cultivated English gentleman and scholar will be in Boston. His interest on the subject of slavery is strong, and he is well qualified, morally and intellectually, to observe & report. He has just returned from a tour through the W. Indies and our Southern States, and will probably publish a book. I wish your father's family and your own might become acquainted with him, for the sake of abolition. I think you may help him, and he may help you in the cause. Mr. Child experienced much kindness from him abroad, and formed a very high estimate of his head and heart.

56^a I can now only say thank ye for welcome letter, by Mr. Davis. Mr. T. is much esteemed by ~~Mr. Lincoln~~ Yours affectionately, L. Ch. Child,

Chila. 1839
